FREERIDE

WEST COAST IPA

BIRRIFICIO DEL DUCATO

“A ride on the West Coast hops, dreaming of an endless summer.”

In many sports the FREERIDE represents pure fun, a sense of freedom, spiritual communion with nature and open spaces: in a word, unconditional joy. Hops are the absolute protagonists of this beer, which is our recurring dream, addiction and care. Our lust for hops will find redemption from the worries whenever we can bring our lips closer to this beer.

A BEER STARRING HOPS THAT REPRESENTS PURE FUN, SENSE OF FREEDOM AND UNCONDITIONAL JOY.

ORGANOLEPTIC FEATURES

Aromas of tropical fruit and grapefruit, balsamic nuances and the polite contribution of malt: this is liquid poetry. Its foam is candid and persistent, rich of noble resins from the best hops in circulation.

TASTING NOTES

Appearance
A beer with a golden yellow color and a nice persistent white foam hat.

Flavour
This Ale shines with inviting hints of grapefruit and tropical fruit.

Taste
It has an intense bitterness balanced by very light toasted notes. A clean and dry beer.

Pairings
It pairs very well with medium-aged cured meats, red meats and spicy dishes.
